

Press Release : Vending Paris 2014

Be sure to make the effort to visit the SandenVendo stand (**Hall 5.2 No. U 060**) at the forthcoming Vending Paris Show (5-6 February 2014 – Paris Porte De Versailles Pavilion 7.2).

SandenVendo known for it's long history, heritage and reliability in manufacturing the Vending Machines will be showcasing the latest product range at Vending Paris.

Since the recent launch of DESIGN Line, many see the great potential of the SandenVendo products leaping to the next level technologies while keeping its solid machine structure and reliability. The SandenVendo product serves premium-quality coffee and supports operators in providing their clients with quality moments.

The SandenVendo stand will also take the opportunity to introduce the company's latest development – The G-Caffè Server, which establishes SandenVendo entered into the HOT drink market in Europe directly. The server is manufactured in the Italian factory delivering authentic espresso flavours and aromas in a way the Italians do best!

This coffee server has a unique handling feature: beverages are chosen via a rotating selection wheel for easy operation. We trust you will see how the stunning beauty of the machine allures people in to share the relaxing moment of the coffee experience.

An increasing demand for the cutting edge technology machine with touch panel which will give you the chance to glimpse into the future of Vending – SandenVendo TOUCH, a unique interactive experience. Beyond simple product selection the screen opens up the opportunities to engage with the customer via games and information exchange and the wealth of retail possibilities.

So, don't miss out. Come and see us, have a chat and try the equipment. See you in Paris!
