Smooth Operations with the New 10" Touch Display

Lay back and enjoy a time-saving experience with Unoffice new touch display designed to cut out all the time-consuming selection operations and keep only the essentials.

Be friendly, it's eco!

Goodbye coffee pods, and welcome to the new era of responsible coffee consumption: Unoffice is designed to solely process coffee from its beans thus making each cup a proper moment of bliss.

Taste the authentic flavors of coffee

Take a moment to embrace with the flavors that make your coffee blend so unique: Unoffice is designed to solely pour coffee beverages without adding milk products.

You & Me

Enjoy your coffee break in good company: our Unoffice is equipped with single or double cup holder as standard feature. Who will you share a good coffee with?

unoffice

Water supply systems

Unoffice comes with 2 water supply options: an internal 2.5 l self-water tank system or a direct water connection.

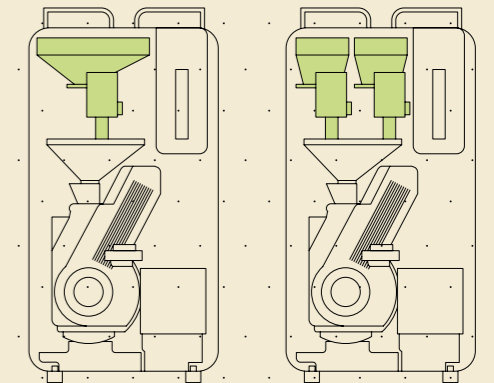

Easy coffee beans refill operations

Unoffice's exclusive design is geared to ease your coffee refill operations: simply lift open the coffee canister's door, pour the beans into it and enjoy your beverage.

Free to decide

Are you in an Arabica mood or is it a Robusta kind of day? With Unoffice you can choose between the single (800 g) or double canister (2x 400 g) feature that allows you to simply swipe from one variety to the other.
